FOR IMMEDIATE RELEASE

Fantech Introduces Smallest Heat Recovery/Energy Recovery Ventilators in the Industry

Compact Series – SH704, VH704 and SE704N

SARASOTA, FLORIDA — Good things do come in small packages. Just take a look at Fantech's new Compact Series HRVs and ERVs. Simple designs, simple installation! 70 CFM of air movement. Conforms to new code requirements. Ideal for apartment complexes, condos, mobile homes ... anywhere continuous low-level ventilation is needed.

The same quality construction as Fantech's full size models from the German engineered EBM motors (7 year warranty) to the powder-coated cabinets with foil-faced insulation. Wall bracket included for easy installation.

HRVs feature aluminum cores with lifetime warranties. ERVs have an enthalpic core with five year warranty.

HRVs are available in side or top port models with reliable defrost strategy.

All models weight just 22 lbs..

For additional information on Fantech's Compact HRV/ERVs or the complete line of Indoor Air Quality Products, visit www.fantech.net or call 1-800-747-1762.
